Dave Stott Commemorative Events

AIR DEVIL MODEL CO.: Any published model from Dave Stott's Air Devil Designs from Plan book 1 or 2, or FAC News. This is a new event. There will be a mass launch in the morning and the high time will be posted as the time to beat. Now you have the rest of the day and two models to be the winning time, if you can. You don't have to be present for the mass launch to fly in this one, but it sure would be fun!

HUNG-AEREON: Originally an embryo by guess who, Dave Stott. This event is now a mass launch cause they look so darn good up in the ozone together. They are easy to build, and fly right right off the board.

Air Devil plans and Hung-Aereon Plan available through Paul Stott: 175 Thoreau Drive, Shelton, CT 06484

Home: 203-929-5139 Cell: 203-258-3962

Don't forget your scale documentation for all the events that require it. Actually, bring it for all your scale crates. With the 3 flight average even a great flying high winger stands a chance to place at this contest!
